Welcome home

Thank you to our funders

We could not run Gosforth Civic Theatre without the support we receive from individuals, trusts, and funders. As a registered charity the support we receive is vital for us to continue to develop our work.

A special thank you to Youth Investment Fund, The National Lottery Community Fund, The Clothworkers Foundation, The Wolfson Foundation, Arts Council England, and Foyle Foundation for their support and generosity towards our Capital Development Project.

Hi everyone,

We have missed seeing you all while we have been closed this year, and we can't wait to welcome old and new friends into the venue to see what we have done to the place.

As a quick taster of the work we have undertaken to transform the building; we have added a new space so we can run more community activities; we have made the building much more energy efficient with solar panels, new heating, and lighting systems; we have improved access so everyone can enjoy GCT; and we have renovated it throughout.

What hasn't changed is our commitment to being a social enterprise, with every pound you spend at GCT we provide opportunities for young people with and without learning disabilities to create, engage, and thrive.

So come and see us soon, we look forward to welcoming you back.

Rob Huggins

CEO, Gosforth Civic Theatre

Who we are

Gosforth Civic Theatre is an amazing social enterprise; when you buy tickets to a performance, hire us to host your beautiful events, or visit us to enjoy our hospitality we use the money you spend to provide opportunities for young people with and without learning disabilities and autism.

From our experience, if we told you the truth about why Gosforth Civic Theatre exists, you probably wouldn't believe us; there is a group of people with learning disabilities who set up and run a theatre company called Liberdade (Lib-er-dar-jie). In 2012 they decided they wanted to open a theatre where everyone was welcome. They wanted to have jobs in their theatre and to provide the opportunities they'd had for other young people, and so that is

what we did, and that's how Gosforth Civic Theatre came to be.

This journey to get to where we are makes GCT unique. Add to that a governance structure that empowers and gives a voice to both people with learning disabilities and young people, and you have a cultural building that can create real social change in a community. We think people can sense that when they come and visit us.

Our courses

Our arts and health activities for people with learning disabilities form part of a study programme that offers valuable additionality to 16+ SEN students. They can also be an alternative to social and further education provision for learners leaving college.

Health and Wellbeing

These programmes are designed to support participants to lead a healthy lifestyle. Trying to change our eating and exercise behaviours isn't easy, but it helps when you do it in a fun and engaging way with support and encouragement from others.

Ages 18 – 30, Wednesdays 10am – 3pm.

Fee based course.

Dance Development

This programme is for young people aged 18–30 who have an interest in dance and performance. You will take part in dance technique classes, creative tasks, choreography and performances across the region.

Ages 18 – 30, Thursdays 10am – 3pm.

Fee based course.

Work Placement Opportunities

From Autumn 2023 we will be offering training opportunities for autistic young people and young people with learning disabilities with our front of house team to help them develop work based skills.

Fee based course.
