Who we are

Gosforth Civic Theatre is an amazing social enterprise; when you buy tickets to a performance, hire us to host your beautiful events, or visit us to enjoy our hospitality, we use the money you spend to provide opportunities for young people with and without learning disabilities and autism.

From our experience, if we told you the truth about why Gosforth Civic Theatre exists, you probably wouldn't believe us; there is a group of people with learning disabilities who set up and ran a theatre company called Liberdade (Lib-er-dar-jie). In 2012 they decided they wanted to open a theatre where everyone was welcome. They wanted to have jobs in their theatre and to provide the opportunities they'd had for other young people, and so that is

what we did, and that's how Gosforth Civic Theatre came to be.

The journey to get to where we are makes GCT unique. Add to that a governance structure that empowers and gives a voice to both people with learning disabilities and young people, and you have a cultural building that can create real social change in a community. We think people can sense that when they come and visit us.

Our courses

We offer arts and health activities for people with learning disabilities which can form part of an additional study programme for 16+ SEND students. They can also be an alternative to social and further education provision for learners leaving college. They are engaging, fun and are run by our passionate and talented delivery team. A lot of our courses are at capacity right now but we have space in the following groups:

Health and Wellbeing

These programmes are designed to support participants to lead a healthy lifestyle. Trying to change our eating and exercise behaviours isn't easy, but it helps when you do it in a fun and engaging way with support and encouragement from others.

Ages 18 – 30, Wednesdays 10am – 3pm.

Fee based course.

Dance Development

This programme is for young people who have an interest in dance and performance. You will take part in dance technique classes, creative tasks, choreography and performances across the region.

Ages 18 – 30, Thursdays 10am – 3pm.

Fee based course.
