What's On

January - April 2024

Arts Venue • Cafe Bar • Events Space • Community Hub

A new year, a new beginning

Hi everyone,

What a few months it has been since we reopened in August! It's amazing to see so many new and familiar faces come through our doors, and we want to thank everyone who has visited, wished us well and supported us in any kind of way since we returned, it means so much.

We've already had over 5,000 people come to events, shows, parties and activities, not to mention the many more of you popping in to our Cafe Bar! Things might have taken a little longer than planned to get completely finished but we're almost there now and can't wait to get started on a brand new year.

Our focus, as ever, going in to 2024 is to keep being here for our community, and our commitment to being a social enterprise that you can be proud of. Remember every penny you spend at GCT not only supports the venue as a whole, it helps us provide opportunities for young people with and without learning disabilities to create, engage, and thrive.

We hope there are plenty of reasons for you to keep visiting and supporting us in this What's On Guide and if you haven't been in yet, we can't wait to meet you!

A special thank you to Youth Investment Fund, The National Lottery Community Fund, The Clothworkers' Foundation, The Wolfson Foundation, Arts Council England, and Foyle Foundation for their support and generosity towards our Capital Development Project.

Who we are

Gosforth Civic Theatre is an amazing social enterprise; when you buy tickets to a performance, hire us to host your beautiful events, or visit us to enjoy our hospitality, we use the money you spend to provide opportunities for young people with and without learning disabilities and autism.

From our experience, if we told you the truth about why Gosforth Civic Theatre exists, you probably wouldn't believe us; there is a group of people with learning disabilities who set up and run a theatre company called Liberdade (Lib-er-dar-jie). In 2012 they decided they wanted to open a theatre where everyone was welcome. They wanted to have jobs in their theatre and to provide the opportunities they'd had for other young people, and so that is

what we did, and that's how Gosforth Civic Theatre came to be.

This journey to get to where we are makes GCT unique. Add to that a governance structure that empowers and gives a voice to both people with learning disabilities and young people, and you have a cultural building that can create real social change in a community. We think people can sense that when they come and visit us.

Our courses

We offer arts and health activities for people with learning disabilities which can form part of an additional study programme for 16+ SEN students. They can also be an alternative to social and further education provision for learners leaving college. They are engaging, fun and are run by our passionate and talented delivery team. A lot of our courses are at capacity right now but we have space in the following groups:

Health and Wellbeing

These programmes are designed to support participants to lead a healthy lifestyle. Trying to change our eating and exercise behaviours isn't easy, but it helps when you do it in a fun and engaging way with support and encouragement from others.

Ages 18 – 30, Wednesdays 10am – 3pm.

Fee based course.

Dance Development

This programme is for young people who have an interest in dance and performance. You will take part in dance technique classes, creative tasks, choreography and performances across the region.

Ages 18 – 30, Thursdays 10am – 3pm.

Fee based course.

Get in Touch

We offer more courses for adults with learning disabilities and outreach work to local mainstream and SEND Schools, if you're interested in finding out more, please contact:

Support Gosforth Civic Theatre

We have just spent the last year making necessary improvements to the building, which will protect it for decades to come thanks to the generous support of national funders, but now we need to ensure that we continue to be here for you, our community and support everything that happens at GCT.

We have set up a crowdfunder through Space Hive so that you can help us achieve this.

spacehive

Help raise money to support the work we do through our crowdfunder with Space Hive.

What your support will help us achieve.

- Offer free community activities for young people
- Continue to support people with learning disabilities
- Subsidise education work we deliver in local mainstream and SEND schools and colleges.

The campaign will launch in early 2024. More information can be found by scanning this QR code.
